

Turn the loop into a test.

Use this when a team is repeating opinions without creating new evidence.

1

NAME THE ASSUMPTION

Complete: We keep circling because everyone assumes that...

2

REVERSE IT

Write the opposite. Do not judge it yet. What becomes possible?

3

CHOOSE ONE SIGNAL

What is the smallest action that would tell you which assumption is closer to true?

END WITH A REAL COMMITMENT

Owner: _____ Next action: _____ Check-in: _____
